

Edwin Harbringer

Edwin Harbringer (2086-2145) - A very contradictory character of the human history.

Biography

Early life

He was born in the year of 2086, in the family of school teachers, somewhere in Western Europe.

Military career

Motivated by the fall of [The Directory](#), during which one of his parents fell victim due to military conflict, and the will to protect the humanity from any danger, he decided to join the military academy. Showed himself as a brilliant officer throughout the operation performed

Hidden Gate

He was one of the organisers of the [Hidden Gate](#) project, and was the one overseeing the construction, as well as the fleet construction.

First Contact War

During the open phase of the First Contact War he was the leader of the Spear Squadron, the only squadron equipped with a [Warp Drive](#), which he has secretly build, even from the High Command.

Nedin Genocide

When it was realised that the [Warp Drive](#) is in the Spear Squadron, the High Command has ordered its immediate destruction, which Edwin has refused. A manhunt was organised on him, coming from both of the sides of the [First Contact War](#), reuniting for a moment the two enemy forces. During the last battle of the [First Contact War](#)
